Sunday Program Schedule

*Skylands UUF Meetings are held from 10:15 - 11:45 am, Sundays, September-June.
Religious Education is offered for children of all ages. Visitors are always welcome*

May 5: YouGiveGoods

Patrick O'Neill

YouGiveGoods is owned and operated by a group of people who strongly believe in the importance of helping others in need. In today's economic environment, we understand that times are tough for everyone—for the millions of Americans who are currently food insecure, these challenges are even more pronounced. Patrick O'Neill is responsible for the management of YouGiveGoods' daily operations and will share more about the organization.

May 12: Flower Communion: A Service of Celebration

Josh Galster

The Flower communion service was originally created in 1923 by Unitarian minister Norbert Capek, who founded the Unitarian Church in Czechoslovakia. The service was later brought to the United States by his wife, Maya.

May 19: The Origins of the Serenity Prayer

Rev. Robin Capoor

I have been spending some time looking at spiritual things that we seem to take for granted in our world today. More specifically, I will look at how the Serenity Prayer: where it came from, and why it could be important to us as Unitarian Universalists.

May 26: The Wonders of Terracycle

Renee Paddock

This intergenerational service will explore the unique company Terracycle and describe how Skylands Fellowship is contributing to its mission to reduce our impact on the Earth.

June 2: Children's Service

Anne Kager and Jennifer Palmer

The children of the Fellowship will share what they have been learning in their Religious Education classes this year. Come help us celebrate their achievements in one of the funniest services of the year.

Sunday, June 9th:

Annual End-of-Year Picnic at Jennifer Palmer's

12 noon to 5 pm at Jennifer Palmer's house.

Provided: Lemonade, ice tea juice, water, traditional baked beans, hotdogs and mac and cheese - please bring a salad, side dish or dessert to share. Grill provided if you want to BBQ something from home. Coolers with ice provided if you bring other beverages. There is a pond for fishing, boating, and swimming for the brave. The lawn is squishy by the pond - wear old shoes or sandals if you plan to use the pond.

RSVP/questions/directions: Jennifer Palmer

1st Sunday potluck! – We will be having a potluck the 1st Sunday of each month after service. Bring your favorite dish for the May 5 and June 2 gatherings

Kitchen Help—We need more help with kitchen support for refreshments each week, as Ginny will be gone every other weekend for a while. Please see Ginny if you can help with this.

Refreshments sign up – There is a calendar on the kitchen door where you can sign up to provide refreshments for the coffee hour after service. Please sign up so we're sure to have goodies to munch on while we all catch up with each other!

Lets-Get-Together Dinners – These dinners are groups of 8-10 people who meet a few times a year at a member's house for dinner. Each person brings something to share. This provides an opportunity for people to get to know each other better, as people usually don't have time after Sunday services. Diane Dowd has kindly organized these in the past but would like to pass this on to a new person. Can you volunteer to step into her place?

SUUF Board meets on the 2nd Thursday of the month at 7:30 pm at the Fellowship. Our next meeting will be Thursday, May 9, and Thursday, June 13.

Skylands Fellowship Turns 50 This Fall—

Did you know our Fellowship is turning 50 this October? Leading up to our Fall Celebration, we will be publicizing some of the history of our journey. Below are

reflections our own Bill Montfort has authored and shared with us on some of our milestones and memories.

What do you know about our history that that could be shared with others?

The History of Skylands Unitarian Universalist Fellowship

Delivered by Bill Montfort at the Building Dedication on May 3, 2009
and updated August, 2011

My talk today is on the history of this fellowship. It is based on my wife Sue's and my memories since 1969 when we joined, plus the memories of Karl and Virginia Brecheisen who made a cassette tape in 1993 about the fellowship. Also I have used some documents: membership lists and newsletters. Unfortunately, some other documents were accidentally thrown out about 25 years ago when we were renting space at the Washington Twp Historical Society.

We are no longer in contact with any of the original members because they have passed away or moved, but having know some of them in the late 1960's we can assume they established the fellowship known as the Unitarian Fellowship of Hackettstown as a place to search for answers for themselves and society. Incidentally, several of the Unitarian Universalist Fellowships in northern NJ were established about the same time, including Morristown Unitarian Fellowship.

The 1965 Certificate of Incorporation lists the trustees as Robert Olsen and Frances Olsen of Long Valley, William Lloyd of Dover, and from Hackettstown Frieda Sabin, Elizabeth Lipman, Ruth Smith, and Frank Jeffers. Two of the names in early documents were people who had marched in Selma, AL – Clark Olson who was the first minister at the Morristown Fellowship and Gabe Williamson, a member at MUF. When we moved to this area in 1969 and joined, it was clear that Bob Olsen was the person who was the real leader in terms of services, discussions, and vision. Bob had a strong interest in ethical and spiritual issues. At the first meeting that Sue and I attended, Bob gave a talk about the spirituality of wine, and the refreshments afterwards included tasting some of the wine that he had made. In the mid 1970s, Bob and Fran retired to Cape Cod and attended the Nauset Fellowship in Eastham, MA.

The Unitarian Fellowship of Hackettstown originally met at the Hackettstown VFW Hall, but by the late 1960's when we first attended, it had changed its name to West Morris Unitarian Universalist Fellowship and was meeting in the Bartley Chapel on Bartley Road in Flanders, now the Church of the Mystic Light. It had a big room on the main floor and 3 basement rooms with hanging light bulbs and an outhouse. Due to heating problems and lack of indoor plumbing, we moved to Long Valley Middle School where we met in the library—always sitting in a circle of perhaps 15-20 people,

with RE for the children in classrooms. For about 15 years we rented rooms at Long Valley Middle School or Old Farmers Road School, where we met in the art room. When rental costs became prohibitive, we rented space in various places: Washington Twp Historical Society, Schooleys Mountain Fire House, Port Murray United Methodist Church, the Washington Township Library Community Room, St James Episcopal Church in Hackettstown (in the Parish Hall from 4:30 to 6 pm), Classic Ballroom in Hastings Square (where the reflections in the corner mirrors gave the illusion that we had quadrupled our membership), and most recently for the past 10 years in the Mini-Mall in Hackettstown.

Until 1999, this fellowship had been lay-led. Services when we first joined had very little structure, and no singing. In the mid 1970s the candle and chalice were introduced, we made a songbook, and we sang with me playing the guitar. RE was essentially the one-room school concept.

Through the years we had a wide variety of speakers and discussed many topics—I will mention just a few here:

1970s- – Values Clarification, Amnesty, the Casino Gambling Referendum in NJ- its moral and social implications, Perspectives on Amnesty, Parent Effectiveness Training(PET), The Invisible Minority (homosexuals), and an energy sharing workshops with George Prehmus and Luis Cavallone, Thoughts from George Bernard Shaw, Living with Dying

1980s – Freezing the Nuclear Arms Race, Self Image/Self Esteem with Sue Montfort, the “Building Your Own Theology” curriculum, Common Cause, Building Your Own Theology, Differences That Unite Us, Rev. Allen Wells

1990s-ACLU, Aging Issues, Incineration, Planned Growth in Morris County (Don Palmer), Yoruba Religion of West Africa, Paul Callendar (from Newton UUF) and Rich Balzer on Zorastrianism

Various special activities began in the 1970s, including: a Thanksgiving Sunday service with special foods, gingerbread house making at Christmas, Rites of Spring in March, retreats, potluck dinners, and more recently, the Seder (introduced to the fellowship by Joan and Denis Sullivan)

Religious Education - In 1969 we don't remember any RE programs for the kids, but by the mid 1970s there was a dedicated core of parents who worked hard to have an interesting RE program. We had many self-generated RE activities, and we used some of the UUA materials- “Haunting House” and “Man the Cultural Builder”, and the Quaker Creative Response to Conflict Resolution, with a strong emphasis on art projects and nature, due to the interests of the adults who took turns doing RE. We all wanted RE to be a home and an extended family for the children, free of imposed religious dogma, but there were frequent debates about whether the emphasis should be on content or on social skills.

The women's group was started in the early 90s, with Cakes for the Queen of Heaven, and it continues to be an important part of our fellowship life today.

It is interesting to note that when several members of our Fellowship moved away, they established Unitarian Universalist Fellowships in their new home areas:

Cis and George Prehmus moved to Prescott AZ and established the Prescott UUF.
Karl & Virginia Brecheisen and Art & Sally Friedman moved to Stroudsburg, Pennsylvania, and established the Pocono UUF.

I mentioned that the first singing in our services began in the late 1970's, from a songbook that we all put together. In the 1990s, we were given some copies of "Singing the Living Tradition" by the Unitarian Universalist Church in Cherry Hill, NJ. Recently, we have added additional copies through a generous donation from the family of Richard Balzer... we appreciate those hymnals very much and are pleased that Balzer family is here with us today.

One of the issues that was discussed at various times through the years was how to increase our membership—in the 1970s we grew mainly by "word of mouth". It wasn't until the mid 1990s with the leadership of Joan and Denis Sullivan, Jim Hall, and others that we changed our name to Skylands Unitarian Universalist Fellowship to broaden our geographical area and then we advertised our fellowship more actively, especially through the Internet.

Another issue that was discussed at various times through the years was whether we should have a minister, and whether we could afford one. In 1999 we hired our first part-time minister: Ron Sala followed by Rosemary Bray McNatt, Allen Wells, Linda Goonewardene, and Julie Newhall.

In addition, we have been fortunate to have various Unitarian Universalist ministers come to lead our Sunday morning services. I am pleased to see that some of these ministers are here today.

Through the years there are some features that I think have been consistent here at the fellowship:

- 1. A place where people could express themselves and test their ideas in an accepting atmosphere**
- 2. A place where people could search for meaning and would accept the fact that people were in different places, from different religious backgrounds, and could agree to disagree.**
- 3. A place where people valued justice and were concerned about social issues**
- 4. A place where people were supportive of each other, where people would reach out and try to help when members were having difficulty.**

So these are some of my thought about our 45 year history.... And it is wonderful to be here today to celebrate in **this building**.

Some new activities since May, 2009—now that we have our own building:

Religious Education

Spring is finally here, I think? Our 2012-2013 year is now wrapping up with just 4 weeks of regular class left. On May 26th, there will be an Intergenerational Service. June 2nd will be Religious Education Sunday and on June 7th, we will hold our annual picnic at the Palmer residence.

It is time to start thinking about the 2013-2014 year. In the last three years we have utilized 'Tapestry of Faith' which is an online curriculum provided by the UUA, with much success. It was not only a well -designed educational program but it was provided free to all congregations. Since we have exhausted this resource, we will now be returning to what we refer to are our 'classics'; lessons that teach of our Judeo-Christian heritage along with the exploration of other faiths.

While our student base has not grown as quickly as it did in the previous year, we still have a significant number of students ranging in age from 3 to 17 who require education. Unfortunately, our volunteer teacher pool has shrunk considerably. In the past year we managed primarily with 7 teachers for 3 classes over almost 40 weeks. While we tremendously appreciate all the help that they do, it was quite taxing and unrealistic for long term sustainability. We are reaching out to the congregation at this time to encourage more volunteers for our education program. One does not need teaching experience, only a desire to work with the children in a patient, non - judgmental environment and follow a lesson plan in a secular format. We also welcome those who can either teach special skills or head off social action projects. Without help we may have to sadly reduce the amount of classrooms with children having to learn in environments with age ranges of 6 years +. This is not only difficult for teachers to work with but non beneficial for the children. I know many have the thought that because their children only come once in a while, there is no need for volunteering but whether once in a while or on a regular basis, we are required to have staff present who have set aside their own busy schedule. Others may feel that because they don't have children, there is no need for involvement as well but the long term sustainability of not just religious education but our Congregation depends on an environment that can support and nurture young families as they are our future. If RE failed to exist, so would Skylands. I know I would not have come myself if an education program wasn't in place and I am eternally grateful for those who sustained it so that my own children could have the experience. Please consider helping in some way, even just one Sunday helps greatly.

We are in discussion currently about sending out a survey to see just how well we are doing. It's an opportunity for parents and caregivers to give honest feedback anonymously. We will keep the congregation posted for future details.

Finally, we hope all of you, whether parent or not, will come and support RE Sunday as well as our annual picnic. If the children are supported while they are young, they will support us when they become young adults and hopefully decide to join our congregation!

Sincerely,

Re Chairs: Jennifer Palmer and Anne Kager

SUUF TERRACYCLES!

Terracycle is a company that makes usable products out of things we normally throw away. They collect their raw materials from organizations like us, schools, businesses and individuals who ship their “garbage” to them. Terracycle pays for the shipping, and pays our congregation a small fee for each item collected.

Please drop off your terracycling items at the left of the bottom of the steps to the coffee area – behind the curtain.

Terracycle is also committed to education and has a curriculum available on their website: <http://www.terracycle.net/curriculums/overview> “In Nature garbage doesn’t exist, but it does in the human system. The Terracycle curriculum series focuses on how we can solve this problem.”

For more information on Terracycle and to find where you can buy the products that terracycle makes using our garbage, go to: www.terracycle.net or find them on Facebook.

Attached is a list you can hang on your refrigerator to remind you about the packaging we recycle.
